Your state seal from your current state of licensure will be expected on documents, along with the temporary permit labels issued to you. A temporary permit for engineering will not be issued unless verification of good standing is sent from your base state board or NCEES, including the discipline of examination. A temporary permit for architecture will not be issued unless verification of good standing has been provided by NCARB. Please contact these organizations for transmittal and pay any fee if applicable. The verification may be faxed or mailed to the Nebraska Board of Engineers and Architects at the contact information above directly from these organizations. Your application cannot be processed until verification has been received at the Nebraska Board office.

Nebraska requires engineering licensure by discipline. If your base state does not license by discipline, you must provide a notarized affidavit from an associate Nebraska-licensed PE or two non-Nebraska licensed PE's stating experience in a specific discipline or have NCEES forward your record to the Board.
